for those who are not yet open to biblical care. We are grateful that God can use any tool to accomplish His work as He pours Himself through our mentors – His willing vessels.

A Special Reminder: *If abortion has personally touched your life, we first want to offer our loving, healing care to you before we ask you to serve others. The healing and restorative work the Lord wants to do in your heart is a gift we want to provide if you have not had a personal season of healing.*
